

## **Home – School Transport Update Tuesday 12<sup>th</sup> September**

Dear Parent/Guardian:

Following the feedback received from students, parents and the Bus Companies we had a meeting with a representative from First Mainline yesterday. We have agreed to look at all the journey timetables and to try and amend routes/schedules to ensure transport is provided regularly for all students who require it. In the meantime, First Mainline have provided a 3<sup>rd</sup> Stannington Bus on an evening for the remainder of this and all of next week. This bus will not visit The Acorn Hill estate but will cover the rest of the journey. Unfortunately, at present this service cannot be operated on a morning and we are busy looking for a solution. We are also aware that the 763 did not stop on Acorn Road today and have contacted First Mainline about this.

We thank you for your patience as changes cannot be made overnight and as per yesterday's updates we are only one of 37 schools affected by Mass engineering ceasing to trade and your child is one of the 12,000 students affected.

K. G. Holmes  
Assistant Headteacher

## Home – School Transport Update

Dear Parent/Guardian;

The new start of the term has been hectic and with the late announcement of Mass Engineering ceasing trading this has provided some issues. As a whole there has been some welcome improvements in the Home – School transport; however we are well aware that there are some concerns particularly in relation to the capacity on the 763 and 764 which we are working with First Mainline to try and quickly resolve.

Below is an extract of an email received from The SYPTE over the weekend:-

*There are 37 schools and 12,000 pupil journeys unfortunately affected by Brightbus ceasing to trade and the operators have worked tirelessly with SYPTE, the schools and local authorities to minimise the impact of these changes. Your school is a priority, as are the other schools, as there are significant changes in pupil demand from what was expected and everyone is working collectively to assist with this. As you are very much aware, changes to local bus services including school services, cannot be implemented with planning and approval. Options were discussed at great length on Thursday and then formally on Friday afternoon and approvals will be sort internally first thing next week.*

*If we have approval, we will then seek support from the school and also approval from Councillors and the local authority to implement these changes.*

*In order to keep this excellent working partnership we need to give the operators the opportunity to resolve any issues arising. The majority of the pupils carried would not receive transport if the operators had not stepped in and worked with us to look at transport provision and I continue to be thankful of what has been achieved.*

*Please continue to do what you can to minimise the impact of the changes and we will confirm next week what can be done to assist the school further with transport for statutory and non-statutory pupils.*

I also attach below a copy of a letter which First Mainline have asked me to issue to all parents:

As I am sure you are aware, Brightbus, a local commercial bus operator who specialised in providing buses for school pupils ceased trading in July 2017.

Following the closure South Yorkshire Passenger Transport Executive engaged with other local commercial bus operators in an attempt to cover the gaps in service left by Brightbus. It is important to reiterate Brightbus were a commercial operator and none of its services were subsidised by the local authorities or any of the schools.

First reviewed all of the loading figures provided by Brightbus and informed SYPTE of what capacity we could provide on a commercial, non-subsidised basis. This provision was for over 40 school buses covering over 20 schools, far more than any other local bus operator, with other operators offering very little. SYPTE then reviewed all of the provision offered by operators and where any gaps were left, tenders were issued for subsidised services. First offered a price for every service put out to tender by SYPTE, however we were unsuccessful in all of our bids. This means that every vehicle provided by First is on a commercial basis.

We are aware of a number of capacity issues across the schools we have provided commercial provision for. Early indications are that demand is far greater than the figures provided by Brightbus. We think that this is due to the popularity of our excellent value £6 weekly ticket.

We are looking into a number of possibilities that would provide extra capacity where required through a reallocation of resources, however we have already invested 8 vehicles into the situation and have no more available vehicles to invest.

Safety is of utmost importance to us and we have already issued notices to drivers ensuring we do not overload vehicles. This may result in pupils being left behind but ultimately we cannot overload the vehicles we have available.

We are specifically looking at what we can do around Bradfield School and an announcement is likely later this week.

We deeply sympathise with your situation, however we are not Brightbus and we are already stretching our resources to the limit to provide what we are doing.

Thursday 20<sup>th</sup> July 2017

### **Bradfield School Bus Service from September 2017**

Dear Parent;

I am now in a position where I can confirm the transport arrangements for Bradfield following the closure of Brightbus. These changes have been organised by The South Yorkshire Passenger Executive (SYLTE) who are responsible for negotiating/co-ordinating home to school transport including issuing contracts etc.

The main change to the service is that several of the routes will be operated by First Mainline and will form part of the Public Bus Service they offer across South Yorkshire. As a result other paying passengers will also be using the service and students will need to ensure that they follow the rules and regulations which apply to any paying passenger.

#### **Student behaviour on the school bus**

This has been an ongoing concern for several years and something which we have consistently tried to tackle. Unfortunately, I still have some students who feel they can be rude to the Bus Driver, they can throw things around the bus etc., with vaping and smoking on the bus being a continuous concern due to minority of persistent offenders, unfortunately, no-one feels able to give us information about these. In addition, students losing/spending their bus fare or those losing their bus pass who still seem to expect to get a journey home. If a student was at Meadowhall and didn't have any bus fare they would not expect a free journey home; the same rules apply to home – school transport. In addition if rude to the driver or behaving in an inappropriate way they would expect to be put off the bus. These rules will apply to the school bus service so some students will need to alter their existing behaviour. There will be a number of cameras on the new buses and students are to expect a complete First Mainline ban if their behaviour is anything from exemplar. I am pleased with the above as it means that the vast majority of students who behave impeccably on the school bus can experience a safer and more pleasant journey to and from school.

#### **Snagging**

When the new service is introduced there are likely to be some initial worries/concerns. As a school we will be working with the SYLTE to address these as quickly as possible. These will no doubt include issues over capacity; however, with the rule re three students being able to sit on two seats this may be alleviated.

*(It is recognised, however, that there may be circumstances where it will be preferable to allow children to sit '3 for 2' or stand on a bus rather than leave them behind, particularly where their personal safety may be at risk).*

As the service has been added to the existing public service there will be changes to bus times which is something students will need to adapt to.

#### **Advantages**

I welcome the fact that students behavior will be monitored more carefully and when inappropriate it could result in a South Yorkshire wide ban. In addition, the buses should be significantly more comfortable and the journey more pleasant.

Because the service is mainly operated by First Mainline this will allow fare payers to opt for a £6 weekly ticket which will not only save money (10 x £0.80 = £8.00) but this also includes unlimited travel on evenings and weekends etc. This can also be purchased via a mobile app and so students would no longer need to carry bus fare.

The service can also be tracked via the SYLTE website and there will be a dedicated Bradfield School page from which you can get updates which may be particularly useful in bad winter weather i.e. snow and ice. The website can be visited at any time to familiarize yourself with bus number, bus timetables etc. [www.travelsouthyorkshire.com/brightbus](http://www.travelsouthyorkshire.com/brightbus)

**Please note** that this only applies to the services covered by First Mainline i.e. Wisewood, Loxley, Stannington and Grenoside.

### **Powells Travel**

The Rural Service will continue to be run via Powells Travel and the timetable as at present applies.

### **Central Transport**

The White Minibus will continue to operate for students who live a considerable distance from the main transport routes.

Yours Sincerely

Keith G. Holmes

Acting Deputy Headteacher

Below are some extracts from the [www.travelsouthyorkshire.com/brightbus](http://www.travelsouthyorkshire.com/brightbus) website:

School bus company BrightBus has announced its closure from the end of the academic year 2016/17.

SYLTE, working with other bus companies and the local authorities, has put alternative travel arrangements in place for the 78 routes run by BrightBus to 32 schools. Services from September 2017 are listed in the table below (links below will open up as PDFs).

<b>Bradfield School: Worrall, Sheffield</b>			
763, 764	Brightbus	Stannington – Bradfield School	<b>Replaced by First.</b>
765	Brightbus	Parson Cross – Bradfield School	<b>Replaced by First.</b>
766	Brightbus	Wharnccliffe Side – Bradfield School	<b>Replaced by CT Plus.</b>
767	Brightbus	Loxley – Bradfield School	<b>Replaced by buses on service 52a (run by First), which will extend beyond Wisewood to Bradfield School.</b>
57	Stagecoach	Sheffield - Stocksbridge	<b>Local bus service</b>
761	Powells Bus	Ughill – Bradfield School – Dungworth School	<b>Local bus service</b>
762	Powells Bus	Malin Bridge – Bradfield School	<b>Local bus service</b>

If you go on the website and select any of the links you will get a copy of the new timetable. As this is 11 pages of which a maximum of 1 route is needed/family we have not provided these. However if you do have problems accessing the website then if your son/daughter asks at reception we will provide a paper copy.

**Bus Services to Bradfield School**
